

# We are Community Partners in Parkinson's Care!

## Trained in Parkinson's Care

At least 70% of our staff are trained in Parkinson's disease management.

## Medications On Time

We know how important it is for your loved one to receive their PD medications on time.

## Less Complications

Staff know the ins and outs of PD, including how to assist with mobility, mental health wellness techniques and communication challenges.

## Supporting Evolving Needs

Our staff provides ongoing and tailored support throughout every stage of the disease.
