

Senior Rides

A program of the Center for Jewish Philanthropy of Greater Phoenix

The Center for Jewish Philanthropy of Greater Phoenix is pleased to provide an innovative **Senior Rides** program to the Phoenix Jewish Community. The program provides low-cost rides and door through door assistance to Jewish seniors in Greater Phoenix.

Working with **Envoy America** brings extra care, companionship, and assistance to senior transportation. Envoy gives senior citizens peace of mind by providing timely and reliable service. This is **door-through-door** service, not simply door-to-door service.

Envoy's senior rides service goes beyond simply assisting with groceries and errands. Companion drivers pick up passengers at their doorsteps. Members of the Jewish community who use Envoy's senior rides service find comfort in knowing drivers will provide the assistance they need and wait for them while they attend services and other social events.

"They're so nice and helpful...They help me shop and then help me bring it in the house. They're like family now."

– Senior Rides passenger

For more information on **Senior Rides**, contact **Rachel Johnson**, Donor Services Manager
